

DANIEL PLOSKONKA

SENIOR FRONTEND ENGINEER & UX/UI DESIGNER

m: +48 503 555 130 **e:** daniel@daplo.net **w:** https://daplo.net **c:** Poland

Senior Frontend Engineer with 15+ years of experience building scalable, design-led web products across fintech, energy, e-commerce, and enterprise SaaS. Equally at home architecting Angular micro-frontend platforms and crafting pixel-precise UX — a combination that lets me bridge engineering and product thinking without a translator. I lead by doing: writing production code, defining architecture, mentoring engineers, and shipping things that hold up.

LANGUAGES

English - Fluent (Near native), Polish

FRONTEND

Angular (NgRx, RxJS, Signals), Vue, React, Nx, Micro-frontends, JS / TypeScript, CSS / SASS

TESTING & TOOLING

Jest, Playwright, Git, CI/CD, Python, FastAPI, AI-assisted dev (Claude, Copilot)

DESIGN

Figma, Adobe XD, Illustrator, Blender 3D, Prototyping

INFRASTRUCTURE

Docker, SSH, Plesk, Linux VPS

EDUCATION

IT & Economics, University of Szczecin, Poland

EXPERIENCE

INPOST

SENIOR FRONT-END DEVELOPER

09.2024 - PRESENT, CRACOW, POLAND

Leading frontend development for a greenfield platform connecting InPost teams and systems across the European network. Designed and built an Angular micro-frontend architecture backed by a custom component library, establishing a scalable foundation for multi-market expansion. Defined state management patterns with NgRx, set up end-to-end testing with Playwright and Jest, and drove frontend best practices across distributed engineering and product teams.

DCG / NORDEA

LEAD FRONT-END DEVELOPER

08.2023 - 09.2024, WARSAW, POLAND

Led development of a new Angular application on top of Nordea's component library. Built custom components, designed RxJS-based service layers for API integration, and owned UX implementation end to end. Mentored junior engineers and made key architectural decisions throughout the engagement.

DEVELOCRAFT / S&P GLOBAL

SENIOR UX/UI DESIGNER

07.2022 - 08.2023, GDANSK, POLAND

Designed the end-to-end UX/UI for a new analytical product in the Maritime and Trade sector. Led user research, stakeholder interviews, and requirement gathering, progressing from low-fidelity concept work through to polished high-fidelity prototypes.

INNER CIRCLE CONSULTING / FIRE RESCUE VICTORIA

SENIOR UX/UI DESIGNER

11.2021 - 05.2022, MELBOURNE, AUSTRALIA

Led UX/UI design and prototyping for a web and mobile application serving Victorian firefighters. Conducted user research with Station Officers, ran remote stakeholder workshops, and delivered rapid prototypes across fidelity levels.

INNER CIRCLE CONSULTING / AGL ENERGY LIMITED

SENIOR UX/UI DESIGNER

09.2021 - 10.2021, MELBOURNE, AUSTRALIA

Responsible for UX design for layouts, navigation, and the development of new Power BI tools and pages. This involved researching and prototyping user maps and journeys, data visualization, and dashboard design. Additionally, I designed wizards and data filters to enhance user experience.

WISE-SYNC

SENIOR UX/UI DESIGNER / SENIOR FRONT-END DEVELOPER

03.2020 - 06.2021, MELBOURNE, AUSTRALIA

Identified UX issues within a B2B product, created low-fidelity and high-fidelity wireframes and mockups using Figma. Additionally, led the front-end development of a new payment gateway using Vue.js, incorporating SPA architecture, Vuex for state management, and Jest for testing.

ACCENTURE / COLES

SENIOR FRONT-END DEVELOPER

04.2019 - 03.2020, MELBOURNE, AUSTRALIA

Front-End development of coles.com.au, managing content (Sitecore CMS), creating templates, performance optimization, SEO optimization, Automation with Python.

FINITE / EQUIFAX

SENIOR UX/UI DESIGNER / SENIOR FRONT-END DEVELOPER

10.2018 - 03.2019, MELBOURNE, AUSTRALIA

Led the design and front-end development of a new B2B Data Capture application for credit applications using Angular for a global leader in credit check services.

KNOSYS

SENIOR FRONT-END DEVELOPER

12.2016 - 10.2018, MELBOURNE, AUSTRALIA

Led the design and development of new functionalities for a knowledge management platform, focusing on UX/UI and accessibility improvements. Responsible for JavaScript and Angular application development.

ROBERT WALTERS / HEATHWALLACE

LEAD FRONT END DEVELOPER

10.2016 - 12.2016, MELBOURNE, AUSTRALIA

Led the UI development of a hybrid mobile banking app using custom JavaScript component library, with a focus on performance, semantics, and accessibility.

AQUENT / CENGAGE LEARNING

UI DESIGNER

05.2016 - 09.2016, MELBOURNE, AUSTRALIA

UI design of e-learning / ebook platform. Redesign of key landing web pages.

KIANDRA IT / RACGP

UX/UI DESIGNER / FRONT-END DEVELOPER

03.2016 - 05.2016, MELBOURNE, AUSTRALIA
